COMMENTS ON STATEMENTS OF REASONS FOR ALLOWANCE

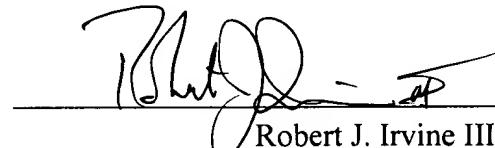

At three different times during prosecution, the Examiner issued statements of reasons for allowance or statements of reasons for indications of allowable subject matter: (i) in the Office Action mailed March 31, 2004; (ii) in the Office Action mailed April 19, 2005; and (iii) in the Notice of Allowance mailed September 22, 2005. Applicants thank the Examiner for allowing the present application.

Applicants respectfully submit that, in general, statements of reasons for allowance are only warranted in instances where the record of the prosecution as a whole does not make clear the reasons for allowing one or more claims. In the present case, however, Applicants believe that the record does make clear the reasons for allowance. Thus, while noting the Examiner's statements, Applicants comment that the art of record, alone and in combination, fails to anticipate or render obvious the combination of elements recited by each of the allowed claims.

Thus, to the extent that the Examiner has quoted or paraphrased less than the entire combination of elements of any claim or claims in any of the Examiners' above-referenced statements, Applicants hereby object on the record. Accordingly, Applicants submit that each allowed claim of the present application should be construed in view of the entirety of that claim's combination of elements, and limited neither by any of the Examiners' statements nor by the recitation therein of any specific claim elements.

Respectfully Submitted,
